

Taboola Reports Strong Q1 2025 Financial Results; Results Above High-End of Guidance Across All Key Metrics

May 7, 2025 at 6:15 AM EDT

NEW YORK, May 07, 2025 (GLOBE NEWSWIRE) -- Taboola (Nasdaq: TBLA), a global leader in delivering performance at scale for advertisers, today announced its results for the first quarter ended March 31, 2025.

"We're pleased to start the year off strong, coming in above our guidance across all key metrics," said Adam Singolda, CEO of Taboola. "We're building real momentum — fueled by disciplined execution, traction on our Realize platform, and a deep belief in our long-term opportunity. We'll continue to invest where we see growth, return capital through share repurchases, and stay focused on becoming the leader in performance advertising beyond search and social."

First Quarter 2025 Financial Results

(All comparisons are to the first quarter of 2024 unless otherwise noted.)

- **Revenues of \$427 million**, an increase of 3%. Revenues were primarily driven by 9% growth in Scaled Advertisers partially offset by a 3% decline in Average Revenue per Scaled Advertiser. Q1 revenue growth primarily reflects broad-based growth, including growth in our existing Native business.
- **Gross Profit** of \$119 million, an increase of 10%. **ex-TAC Gross Profit** was \$152 million, an increase of 9%, including a (0.7%) impact from currency. Ex-TAC Gross Profit was primarily driven by growth in advertising spend as well as a mix shift to higher margin digital property partners.
- **Operating loss** was \$6 million, improved from an operating loss of \$18 million. Ratio of net loss to gross profit improved to (7.3%) from (24%). **Adjusted EBITDA** was \$36 million, up 53%. Adjusted EBITDA margins expanded to 23.7% from 16.9%. Adjusted EBITDA growth was primarily driven by ad spend growth and continued cost discipline.
- **Cash flow** generated by operating activities was \$48 million, compared to \$32 million. **Free Cash Flow** was \$36 million, compared to \$27 million. Increases in cash flow provided by operating activities and free cash flow were primarily due to strong collections, lower publisher prepayments, and continued cost discipline.

Although we provide guidance for Adjusted EBITDA and Non-GAAP Net Income (Loss), we are not able to provide guidance for projected net income (loss), the most directly comparable GAAP measure. Certain elements of net income (loss), including share-based compensation expenses and warrant valuations, are not predictable due to the high variability and difficulty of making accurate forecasts. As a result, it is impractical for us to provide guidance on net income (loss) or to reconcile our Adjusted EBITDA and Non-GAAP Net Income (Loss) guidance without unreasonable efforts. Consequently, no disclosure of projected net income (loss) is included. For the same reasons, we are unable to address the probable significance of the unavailable information.

Although we provide guidance for Adjusted EBITDA and Non-GAAP Net Income (Loss), we are not able to provide guidance for projected net income (loss), the most directly comparable GAAP measure. Certain elements of net income (loss), including share-based compensation expenses and warrant valuations, are not predictable due to the high variability and difficulty of making accurate forecasts. As a result, it is impractical for us to provide guidance on net income (loss) or to reconcile our Adjusted EBITDA and Non-GAAP Net Income (Loss) guidance without unreasonable efforts. Consequently, no disclosure of projected net income (loss) is included. For the same reasons, we are unable to address the probable significance of the unavailable information.
