

#### Forward-Looking Statements - Disclaimer

Certain statements in this presentation are forward-looking statements, including our Q2 2024 and full-year 2024 guidance. Forward-looking statements generally relate to future events including future financial or operating performance of Taboola.com Ltd. (the "Company"). In some cases, you can identify forward-looking statements by terminology such as "may", "should", "expect", "guidance", "intend", "will", "estimate", "believe", "predict", "potential" or "continue", or the negatives of these terms or variations of them or similar terminology. Such forward-looking statements are subject to risks, uncertainties, and other factors which could cause actual results to differ materially from those expressed or implied by such forward looking statements.

These forward-looking statements are based upon estimates and assumptions that, while considered reasonable by the Company's future performance and cause results to differ the forward-looking statements in this press release include, but are not limited to: the Company's ability to grow and manage growth profitably, maintain relationships with customers and retain its management, are inherently uncertain. Uncertainties and risk factors that deep expenses and profitablismy and underlying assumptions with respect to accounting presentations and purchase price and other adjustments; the extent to which we will buyback any of our Ordinary shares pursuant to authority granted by the Company's Board of Directors, which may depend upon market and economic conditions, other business opportunities and priorities, satisfying required conditions under the Israeli Companies Law and the Companies Regulations or other factors; the Company's ability to transition to and fully launch the native advertising service for Yahoo on the currently anticipated schedule; the ability to generate or achieve the increase in Adjusted EBITDA and Free Cash Flow in 2024 or our expected revenue run-rate once Yahoo integration is live, in each case to the levels assumed in this press release or at all; ability to advertisers; ability to mere minimum guarantee requirements in contracts with digital properties; intense competition in the digital advertising space, including with competitors who have significantly more resources; ability to grow and scale the Company's ad and content platform through new relationships with advertisers and digital properties; ability to secure high quality content from digital properties; ability to make continued investments in the Company's Al-powered technology platform; the need to attract, train and retain highly-skilled technical workforce; changes in the regulation of, or market prespect to, "third party cookies" and its impact on digital advertising; continued engagement by users who interact with the Compa

The Company undertakes no duty to update these forward-looking statements except as may be required by law.

#### Non-GAAP Financial Measures

This Presentation includes ex-TAC Gross Profit, Adjusted EBITDA to ex-TAC Gross Profit, Free Cash Flow and Non-GAAP Net Income (Loss), which are non-GAAP financial measures. These non-GAAP financial measures are not measures of financial performance in accordance with GAAP and may exclude items that are significant in understanding and assessing the Company's financial results. Therefore, these measures should not be considered in isolation or as an alternative to revenues, gross profit, net income, cash flows from operations or other measures of profitability, liquidity or performance under GAAP. You should be aware that the Company's presentation of these measures may not be comparable to similarly-titled measures used by other companies.

The Company believes non-GAAP financial measures provide useful information to management and investors regarding future financial and business trends relating to the Company. The Company believes that the use of these measures provides an additional tool for investors to use in evaluating operating results and trends and in comparing the Company's financial measures with other similar companies, many of which present similar non-GAAP financial measures to investors. Non-GAAP financial measures are subject to inherent limitations because they reflect the exercise of judgments by management about which items are excluded or included in calculating them. Please refer to the appendix at the end of this presentation for reconciliations to the most directly comparable measures in accordance with GAAP.

#### About Cash Investment in Publisher Prepayments (Net)

We calculate cash investment in publisher prepayments (net) for a specific measurement period as the gross amount of cash publisher prepayments we made in that measurement period minus the amortization of publisher prepayments that were included in traffic acquisition cost during that measurement period, which were the result of cash publisher prepayments made in that measurement period and previous periods.

#### **Industry and Market Data**

In this presentation, the Company relies on and refer to certain information and statistics obtained from third-party sources, which it believes to be reliable. The Company has not independently verified the accuracy or completeness of any such third-party information. You are cautioned not to give undue weight to such industry and market data.

This presentation may include trademarks, service marks, trade names and copyrights of other companies, which are the property of their respective owners. Solely for convenience, some of the trademarks, service marks, trade names and copyrights referred to in this Presentation may be listed without the TM, SM, (c) or (r) symbols, but the Company will assert, to the fullest extent under applicable law, the right of the applicable owners, if any, to these trademarks, service marks, trade names and copyrights.

- Easy access to scale
- Better user data and Al for more accurate ad targeting

# 2

# LONG-TERM, EXCLUSIVE ACCESS TO SUPPLY AND DIRECT RELATIONSHIPS WITH ADVERTISERS

<u>Highly predictable</u> supply base with 98%+ of supply consistent from quarter to quarter

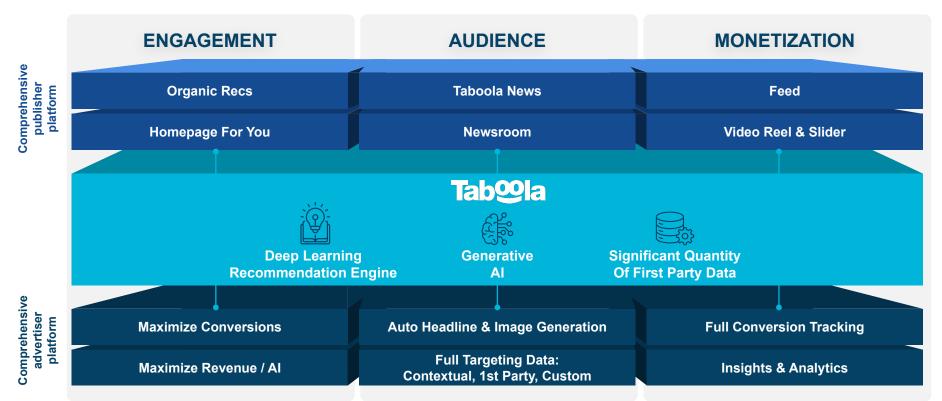

### 3 AI DRIVEN TECH PLATFORM THAT IS BEST-IN-CLASS

Our unified tech stack offers comprehensive platforms for publishers and advertisers underpinned by AI

# 4 TABOOLA TECH & CODE ON PAGE BUILT FOR A COOKIE-LESS WORLD

Taboola has its own
1st party cookie thanks to
"code on page" integrations
with publishers
recommending personalized
editorial content enables
serving our own 1st party
identifier

Unique readership context deep access to the context of the page, allowing advertisers to target context (vs. "3rd party cookie behavior")

People click on Taboola recommendations tens of billions of times a year <sup>(1)</sup>

Taboola's strong yield performance despite 3rd party cookies being blocked in the industry for years:

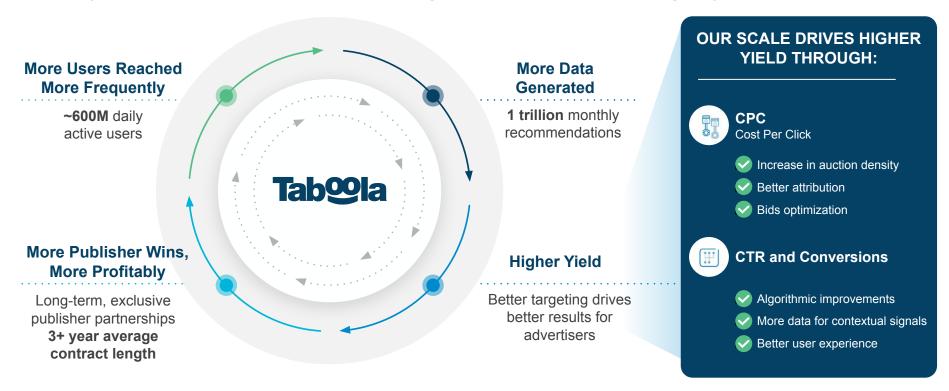

Apple blocked 3rd party cookies in phases, with more significant enforcement of cookie deprecation in 2020 helping drive Taboola's yield (orange line) which accelerated faster than with alternative browsers.

<sup>(1)</sup> Based on company data. Clicks represent total clicks on Taboola recommendations, including paid advertisements ("sponsored content") and editorial ("organic") content

# 5

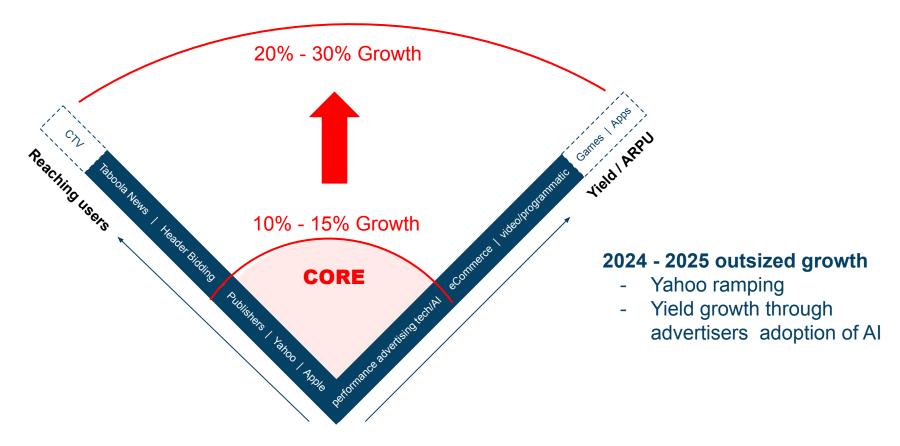

# OUR SCALE DRIVES NETWORK EFFECT THAT CREATES COMPETITIVE ADVANTAGE

## **Note Regarding Adjusted EBITDA Guidance**

Although we provide guidance for Adjusted EBITDA, we are not able to provide guidance for projected Net income (loss), the most directly comparable GAAP measure. Certain elements of Net income (loss), including share-based compensation expenses, are not predictable due to the high variability and difficulty of making accurate forecasts. As a result, it is impractical for us to provide guidance on Net Income (loss) or to reconcile our Adjusted EBITDA guidance without unreasonable efforts. Consequently, no disclosure of projected Net income (loss) is included. For the same reasons, we are unable to address the probable significance of the unavailable information.
